

HP LONG DRAIN CNG ENGINE OIL 15W-40

LONG DRAIN CNG ENGINE OIL

DESCRIPTION

HP Long Drain CNG Engine Oil 15W-40 is a Long Drain CNG Engine Oil which provides excellent performance in the challenging operating environments presented by Compressed Natural Gas (CNG) and offers extended drain interval capability. The optimized Ash Content in the oil helps in protecting against excessive valve recession & spark plug fouling.

SPECIFICATIONS

Meets the requirements of API CG-4 & Cummins CES 20085

APPLICATIONS

Light & Heavy vehicles running on CNG.

FEATURES & BENEFITS

- Extended Drain Interval
- Good control on Oxidation & Nitration
- Exceptional control on Deposits & Wear
- Ensures engine durability
- Reduced NOx formation

PHYSICO-CHEMICAL PROPERTIES (TYPICAL)

Kinematic Viscosity, cSt, @ 100°C	14.85
Viscosity Index	130
Pour Point °C	-39
Sulphated Ash % Wt	0.89
TBN mg Koh/gm	8.5
