HP NEO CRUISE 20W 40

High Quality Engine Oil for Modern Cars

DESCRIPTION

HP CRUISE NEO 20W 40 is a high-quality engine oil specifically designed for modern cars running on Petrol/LPG/CNG.

It is manufactured from finest quality paraffinic base stocks and state of art additive technology to meet the requirements of API SF specifications.

APPLICATIONS

HP CRUISE NEO 20W 40 is recommended for various models of Passenger Cars running on Petrol/LPG/CNG requiring SAE 20W 40 grade engine oil with API SF performance.

SPECIFICATIONS

API SF

PERFORMANCE BENEFITS

- Outstanding engine cleanliness & enhanced engine life
- Excellent lubrication over a wide temperature range
- High engine durability
- Lower oil consumption

PHYSICO-CHEMICAL PROPERTIES (TYPICAL)

Kinematic Viscosity, cSt, @ 100 °C	14.5
Viscosity Index	120
Flash Point (COC) °C	240
Pour Point °C	-21
TBN mg KOH/gm	6.6
