

HP NEOSYNTH CNG 20W-50

PREMIUM QUALITY ENGINE OIL FOR CNG/LPG PASSENGER CARS

DESCRIPTION

HP NEOSYNTH CNG 20W-50 is a premium quality engine oil developed for Passenger Cars running on CNG/LPG. The product is made from highly paraffinic base stocks and fortified with select additives to deliver satisfactory performance benefits in autos and taxis running on CNG/LPG.

HP NEOSYNTH CNG has been multi-graded to 20W-50 viscometrics to facilitate easy starting even at lower ambient temperatures. The superior additive chemistry ensures protection against oxidation and nitration caused due to high temperature combustion due to CNG/LPG Fuels in Engine. Right dosage of anti-wear and balanced detergency helps to protect the engine from wear and deposits, resulting in trouble free operation for longer service intervals.

APPLICATIONS

HP NEOSYNTH CNG 20W-50 grade is recommended for all types of Passenger Cars running on CNG/LPG fuel. It can also be used in petrol engines to render satisfactory performance.

FEATURES & BENEFITS

- Excellent protection against oxidation and nitration
- Protects engine from wear and rust
- Catalytic converter friendly
- Longer oil life and equipment life
- Offers better fuel efficiency

MEETS REQUIREMENTS OF

- API SN
- EPL 7 of BIS 13656: 2019

PHYSICO-CHEMICAL PROPERTIES (TYPICAL)

Kinematic Viscosity @ 100°C, cSt	19
Viscosity Index	125
TBN, mg KOH/gm	7.6
Flash Point, COC, °C	230
Pour Point, °C	-21
