HP RACER SYNTEC 20W 50

Premium Semi Synthetic 20w 50 Motor
Cycle Engine Oil

DESCRIPTION

HP RACER SYNTEC 20W 50 is a premium quality semi synthetic motor cycle engine oil formulated with the most advanced additive chemistry. It is manufactured from the blend of finest Group II & Group III base stocks and state of the art additive technology to meet the most stringent requirements of API SN as well as JASO MA 2 specifications.

HP RACER SYNTEC 20W 50 provides superior film strength while lubricating the modern bikes with high power densities and elevated temperatures of operation. The cutting-edge-technology additive chemistry boosts the oil performance in rendering excellent engine cleanliness, high protection to the engine and transmission while ensuring a smooth clutch operation, vital for rapid pick-up.

APPLICATIONS

HP RACER SYNTEC 20W 50 is recommended for new generation geared 4- stroke bikes requiring a 20W 50 grade engine oil. HP RACER SYNTEC 20W 50 far exceeds the requirements of the bikes manufactured by HMSI, Hero MotoCorp, TVS, Bajaj etc. It is also recommended for other 4-stroke geared bikes requiring a 20W 50 viscometric oil.

FEATURES & BENEFITS

- Excellent control on engine deposits
- High fuel efficiency
- Longer engine life
- Ensures smooth wet-clutch operation for better pick-up
- Longer oil life

MEETS REQUIREMENTS OF

- API SN
- JASO MA2

PHYSICO-CHEMICAL PROPERTIES (TYPICAL)

Appearance	Bright & Clear
Kinematic Viscosity @ 100°C, cSt	18.5
Viscosity Index	120
TBN, mg KOH/g	7.5
Flash Point, COC, °C	222
Pour Point, °C	-36
