HP RACER SYNTH 15W 50

Super Premium Quality Synthetic Motor Cycle
Engine Oil for High Powered Modern Bikes

DESCRIPTION

HP RACER SYNTH 15W 50 is a premium quality synthetic motor cycle engine oil made to cater to the highly demanding lubrication requirements of modern High Powered 4-Stroke geared bikes.

HP RACER SYNTH 15W 50 is manufactured from a synergistic blend of high quality synthetic base stock (Group III) and Group IV base stocks and state of the art additive technology to meet the most stringent requirements of API SN as well as JASO MA 2 specifications.

HP RACER SYNTH 15W 50 provides superior protection for engine, clutch and gears of the high powered motor cycles, especially those with engine displacement of 350 cc and above. Advanced synthetic formula of HP RACER SYNTH 15W 50 renders exemplary performance benefits like unmatched engine and gear protection, low volatility that lowers the oil top-up needs, smooth clutch operation and longer oil drain interval.

APPLICATIONS

HP RACER SYNTH 15W 50 is exclusively developed for high powered bikes like Royal Enfield, Yamaha & KTM etc.

FEATURES & BENEFITS

- Unmatched engine protection, leading to longer engine life
- Ensures smooth wet-clutch operation for better pick-up
- Ultimate protection to gears
- Longer oil life
- Better mileage

MEETS REQUIREMENTS OF

- API SN
- JASO MA2

PHYSICO-CHEMICAL PROPERTIES (TYPICAL)

Kinematic Viscosity @ 100°C, cSt	18
Viscosity Index	140
TBN, mg KOH/gm	6.0
Flash Point, COC, °C	230
